

EXERCISE EVALUATION GUIDE

<i>Exercise Name:</i> Local Public Health Community Preparedness Ebola TTX <i>Exercise Date:</i> [Insert exercise date]	<i>Organization/Jurisdiction:</i> [Insert organization or jurisdiction]	<i>Venue:</i> [Insert venue name]
Response		
<i>Exercise Objective:</i> Discuss how local health, in collaboration with public safety and municipal leaders will implement strategies for exposure control following a confirmed case of Ebola within their community in accordance with current local and state plans and guidance.		
<i>Public Health Preparedness Capability:</i> Non-Pharmaceutical Interventions Non-pharmaceutical interventions are the ability to recommend to the applicable lead agency (if not public health) and implement, if applicable, strategies for disease, injury, and exposure control.		
Organizational Capability Target 1: Determine non-pharmaceutical interventions <i>Critical Task:</i> Assemble subject matter experts to assess the severity of exposure and/or transmission at the jurisdictional level, and determine non-pharmaceutical intervention recommendations.		
Organizational Capability Target 2: Implement non-pharmaceutical interventions <i>Critical Task:</i> Activate non-pharmaceutical intervention locations (e.g., isolation or quarantine) through coordination with jurisdictional officials <i>Critical Task:</i> Work with community partners to coordinate support services (e.g., medical care and mental health) to individuals included in non-pharmaceutical intervention(s). <i>Critical Task:</i> Provide recommendations for voluntary or mandatory restrictions on movement in conjunction with jurisdictional officials <i>Critical Task:</i> educate and inform the public, response agencies and other partners regarding the recommended intervention(s).		
Organizational Capability Target 3: Monitor non-pharmaceutical interventions <i>Critical Task:</i> Assess the degree of transmission, infection and severity of exposure <i>Critical Task:</i> Disseminate situational awareness reports on impact of the intervention to all agencies involved in the intervention(s). <i>Critical Task:</i> Revise recommendation(s) for non-pharmaceutical interventions as indicated by the incident, including recommending intervention escalation or de-escalation.		

Organizational Capability Target	Associated Critical Tasks	Observation Notes and Explanation of Rating	Target Rating
: Determine non-pharmaceutical interventions	<ul style="list-style-type: none"> Assemble subject matter experts to assess the severity of exposure and/or transmission at the jurisdictional level, and determine non-pharmaceutical intervention recommendations. 		
Implement non-pharmaceutical interventions	<ul style="list-style-type: none"> Activate non-pharmaceutical intervention locations (e.g., isolation or quarantine) through coordination with jurisdictional officials Work with community partners to coordinate support services (e.g., medical care and mental health) to individuals included in non-pharmaceutical intervention(s). Provide recommendations for voluntary or mandatory restrictions on movement in conjunction with jurisdictional officials Educate and inform the public, response agencies and other partners regarding the recommended intervention(s). 		

Monitor non-pharmaceutical interventions	<ul style="list-style-type: none"> • Assess the degree of transmission, infection and severity of exposure • Disseminate situational awareness reports on impact of the intervention to all agencies involved in the intervention(s). • Revise recommendation(s) for non-pharmaceutical interventions as indicated by the incident, including recommending intervention escalation or de-escalation. 		
	Final Core Capability Rating

Ratings Key
P – Performed without Challenges
S – Performed with Some Challenges
M – Performed with Major Challenges
U – Unable to be Performed

Ratings Definitions

Performed without Challenges (P)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Performed with Some Challenges (S)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s) and did not negatively impact the performance of other activities. Performance of this activity did not contribute to additional health and/or safety risks for the public or for emergency workers, and it was conducted in accordance with applicable plans, policies, procedures, regulations, and laws. However, opportunities to enhance effectiveness and/or efficiency were identified.
Performed with Major Challenges (M)	The targets and critical tasks associated with the core capability were completed in a manner that achieved the objective(s), but some or all of the following were observed: demonstrated performance had a negative impact on the performance of other activities; contributed to additional health and/or safety risks for the public or for emergency workers; and/or was not conducted in accordance with applicable plans, policies, procedures, regulations, and laws.
Unable to be Performed (U)	The targets and critical tasks associated with the core capability were not performed in a manner that achieved the objective(s).
